

# WHO SAID SMALL ISN'T POWERFUL?

Built with Intel's newest technology,  
6th generation Intel® Core™ i3 processor

The Shape That Fits the Future.

Intel® NUC

# WHO SAID SMALL ISN'T POWERFUL

## Your home hub solution

Get ready to be astonished by what small can do. Because inside the Intel® NUC it's truly gigantic with a 6th generation Intel® Core™ i3 processor that gives you the performance you need for a powerful home hub. Whether you need help with homework, or want to store and stream photos or music, the Intel NUC is a Mini PC kit that can help keep your digital life moving smoothly.

## RAISE THE BAR ON PERFORMANCE

The performance of the 6th gen Intel Core i3 processor enables the great user experiences of today and in the future, including no passwords and more natural user interfaces—all with the performance you need to run your digital life.

## ROOM TO CHOOSE

The option for either a lightning fast M.2 SSD and/or a 2.5" HDD.

### EXPAND YOUR POSSIBILITIES.

The SD card slot means you can easily move files between systems or add additional storage.

### SEE THAT?

Intel® HD Graphics 520<sup>1</sup> with 4K display capability provide a seamless visual experience that requires no add-in card for vibrant HD video playback and increased speed and performance.

### CUT THE CORDS, NOT THE PERFORMANCE

With built-in Intel® wireless 802.11ac and Bluetooth\* 4.1, you can easily move photos from your phone to your Intel® NUC. Now that's a simple backup.

### A DIY ALL-IN-ONE

With the VESA mount and a screwdriver, you can attach the Intel NUC to a display and create your own All-in-One.
